

# ALL THAT JAZZ

Join us for an evening of simple elegance and sophistication in our makeshift metropolitan Supper Club. Come and enjoy an ambiance that is reminiscent of the 1940s while you listen to the dulcet tones of the **George St. Kitts Band** bringing you the sounds of modern jazz, the American standards and cool traditional swing. This is the perfect atmosphere for you to feast and network with colleagues – the right vibe to enjoy the camaraderie among friends. You can't afford to miss it! See you there.
