

WEBINAR SERIES CABPS MEDICAL NUTRITION THERAPY

Adaptation of Nutrition Focused Physical Exam in Telehealth Post- Bariatric Surgery and the Role of Bariatric Vitamins

Wednesday, February 28, 2024 | 7:00 p.m. – 8:15 p.m. ET

OBJECTIVES

This session is for registered dietitians and health care providers interested in conducting nutrition assessments via tele-health. Participants will learn how to incorporate a Nutrition Focused Physical Exam (NFPE) in video or telephone encounters; what vitamin and mineral deficiencies to watch for and the use of bariatric-specific vitamin/mineral supplements for preventing and treating micronutrient deficiencies after metabolic/bariatric surgery.

Learning Outcomes: After this presentation, the attendee should be able to...

1. Describe how a telehealth nutrition assessment is conducted with individuals that have undergone metabolic/bariatric surgery.
2. Apply at least 1-2 Nutrition Focused Physical Exam (NFPE) questions into telehealth nutrition assessments.
3. Recognize barriers of telehealth nutrition assessments.
4. Suggest vitamin/mineral supplementation for the prevention and treatment of deficiencies after bariatric surgery.
